Forecast for Tuesday 05 Mar 2024

Weather: A mostly dry and bright day with some sunny spells, after a cold and misty start with some frost giving ice on paths. Chance of a shower for a time in the afternoon, wintry across summits with a build-up of cloud for the afternoon, then clear spells developing in the evening.

Chance of cloud-free hill tops above 800m: 70% at first becoming 90% or more for the afternoon.

Low Cloud and visibility: Scattered to broken bases around 600m in the morning, mainly across south-western areas of the Park towards Moel Hebog and near any showers. Cloud bases lifting above summits. Good or very good becoming excellent by the afternoon with good views of distant peaks.
